## VISION SWING

Vision Swing is a Euro style frameless enclosure with a clean modern elegance. Available in 3/8" or 1/2" glass, nearly any custom application is possible with available hardware configuration options. Create the shower experience you desire with refined Vision Swing enclosures that also offer an operable transom.

See inside back cover for glass and metal finish options.

## VISION SWING

**Daiek Door Systems** manufactures and distributes **Concept Series sliding doors, mirror closet doors, glass shower enclosures and metal bifold doors** in the USA. Innovative design, outstanding quality, and sensitivity to customer need have allowed Daiek to proudly create doors for residential and commercial use since 1963.
